

## Agnitio iPlanner Light Version 1.11.5 (drop release) - Release Notes

Available on the App Store on Wednesday, June 12th 2013

### Notice

The content in this document represents the current view of Agnitio as of the date of publication. Because Agnitio responds continually to changing market conditions, this document should not be interpreted as a commitment on the part of Agnitio. Agnitio cannot guarantee the accuracy of any information presented after the date of publication.

### What's New in this Release

#### Bugfixes:

- Some bugs in the iMagazines module have been fixed. This has required an update in the iMagazines view, making it simpler and more in line with the functionalities present in the iPlanner Presentations view. The stand-alone version of iMagazines additionally has a Sync tab available for synchronization of magazine updates and monitoring data.
- Minor additional bugfixes
